Quality Fables Chat

11th May 2021

The last chat of the Quality Fables Chat Series on Red Bags & Green Bags was held on 11th May 2021. It was a great interactive session between Mr Suresh Lulla, Dr Vijay Agarwal, Dr Lallu Joseph and 60+ attendees.

Lessons Learned:

- Chronic problems do not have an alarm system
- The only alarm for chronic problems is when we proactively translate it into the language of upper management - money
- All hypotheses need to be validated with data
- An as-is flow diagram is an excellent tool for diagnosis
- Documented procedures must be specific and detailed
- The solution to a problem does not have to be complex

The next Quality Fables Chat series will be launched soon with newer concepts. Stay tuned at <https://caho.in/current-webinar>
