PARTNER EVENTS

ISQua IHF Virtual Conference

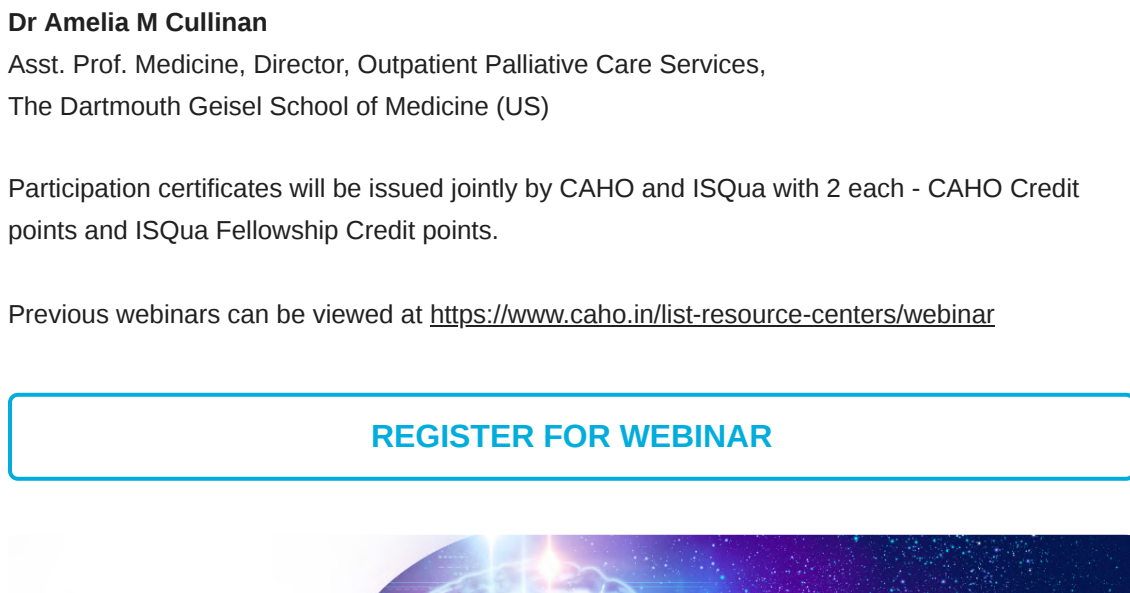

23rd February 2021

Hospital Workers' Wellbeing Matters

The COVID-19 pandemic is having a major toll on people's wellbeing worldwide, as they are having to face challenges such as social distancing, loneliness, and the threat of deadly infectious disease outbreaks. For hospital workers and other health service providers, these challenges and the additional stress of working in a prolonged "crisis situation" have increased documented mental health problems.

This conference will provide the community with insights into healthcare workers' wellbeing and innovative interventions from industry leaders from various countries.
