

Global Rehab Quality Forum

CAHO(Consortium of Accredited Healthcare Organizations), a not-for-profit organization, is committed to enhancing healthcare quality through focused events, courses, workshops, and training programs. Our key objectives include fostering the quality movement globally, promoting patient-centric care, building capacity, and encouraging research and academic activities. As a collective of healthcare institutions and diagnostics centres, CAHO synergizes resources to promote quality, patient safety, and accreditation. We are dedicated to instilling a culture of safety within healthcare organizations, driving continuous quality improvement beyond accreditation through active collaboration with all stakeholders.

CAHO GLOBAL REHAB QUALITY FORUM

The forum is dedicated to ensuring accessible, high-quality rehabilitation services globally, through collaboration, best practices exchange, and continuous quality improvement. It fosters evidence-based practice, capacity building, and clinical audits to drive sustainable changes in global rehabilitation.

Vision

"To be a leading multidisciplinary forum that champions excellence in rehabilitation practices, fostering a collaborative environment dedicated to enhancing patient safety and quality of care."

Mission

"Our mission is to unite healthcare professionals across disciplines to promote high standards of practice in rehabilitation. We are committed to advancing patient safety through education, advocacy, and the sharing of best practices, ensuring that every patient receives the highest level of care."
