Technicians		

Healthcare has become one of India's largest sectors, both in terms of revenue and employment. With evolving in global and local dynamics, the Indian Healthcare eco-system comprising hospitals, medical devices, clinical trials, outsourcing, telemedicine, medical tourism, health insurance, and medical equipment, is likely to propel the growth story of the Nation. The influx of private equity and foreign investments into the existing ecosystem, availability of quality resources and positive Government intervention is set to drive this growth.

Confederation of Indian Industry (CII) has been at the forefront of reforms and is working diligently with varied stakeholders to offer solutions to the critical challenges faced by the Country. To create a dynamic and reliable platform for the convergence of all the stakeholders to forge the strategies that will transform the Indian Healthcare Sector, CII WR is organizing 7th edition of its flagship initiative – **CII Hospital Tech 2024 on 30 September and 1 October 2024 at Mumbai.**

CII WR Innovation in Healthcare and Hospital Technology Awards is constituted under the aegis of **CII Hospital Tech 2024** towards acknowledging the Vision and Exemplary Commitment of the CEO and his team for their contributions to the industry by innovating for increased efficiency, affordability, and improved performance of healthcare delivery at large to benefit society as a whole.

The competition gives an opportunity to companies to shine and be known nationally and internationally for their innovative products and services. The competition evaluates all kinds of new processes, products, services, technologies, and other types of innovations that have the ability to fuel growth in the industry. They also assess new ideas and approaches along with tangible results.

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with around 9,000 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 365,000 enterprises from 294 national and regional sectoral industry bodies.

For more than 125 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness, and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Through its dedicated Centres of Excellence and Industry competitiveness initiatives, promotion of innovation and technology adoption, and partnerships for sustainability, CII plays a transformative part in shaping the future of the nation. Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

For 2024-25, CII has identified "Globally Competitive India: Partnerships for Sustainable and Inclusive Growth" as its Theme, prioritizing 5 key pillars. During the year, it would align its initiatives and activities to facilitate strategic actions for driving India's global competitiveness and growth through a robust and resilient Indian industry.

With 70 offices, including 12 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with about 300 counterpart organizations in almost 100 countries, CII serves as a reference point for Indian industry and the international business community.
