Redefining the Care Continuum: Micro Hospital Way

7th April, 2026 | 09:00 AM Onwards
Stein Auditorium, India Habitat Centre, New Delhi

FOREWORD

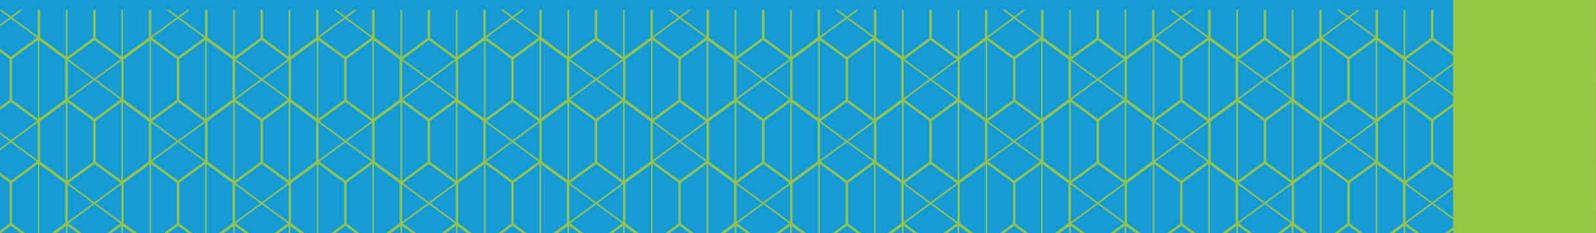

Healthcare is no longer defined by infrastructure, scale, or episodic excellence. It is defined by outcomes, trust, continuity, and accountability. As systems grow more complex, the distance between care delivery and patient expectations has widened. CareCon 2026 is designed to close this gap.

This edition is a conscious reset—moving away from legacy healthcare constructs toward a future where care is timely, coordinated, preventive, and humane. Every conversation at CareCon 2026 answers one core question: What should healthcare look like if it were designed correctly from the start?

ABOUT CARECON 2026

CareCon is a national healthcare leadership forum that convenes decision-makers across hospitals, insurance, diagnostics, pharmaceuticals, policy, and health technology. It is built as a problem-solving platform, not a showcase—focused on redesigning healthcare delivery across the full care continuum.

CareCon 2026 advances this mission by reframing healthcare around what truly matters: patients first, prevention before progression, strong secondary systems, responsible specialty care, and insurance as a care enabler.

VISION

To accelerate the transition toward Redefining the Care Continuum: Micro Hospital Way

- Patients experience continuity instead of fragmentation
- Prevention is measurable, incentivised, and scalable
- Specialty and tertiary care are precise, purposeful, and appropriate
- Secondary care becomes the trusted backbone of outcomes
- Insurance actively improves care delivery, not just financing

CONFERENCE THEME

Redefining the Care Continuum: Micro Hospital Way

This theme is not aspirational—it is corrective. It challenges outdated models, misaligned incentives, and volume-driven thinking. It reframes healthcare as a long-term partnership with patients, supported by aligned providers, payers, and systems.

WHY CARECON 2026 MATTERS

India stands at a critical juncture:

- 63% of deaths in India are attributed to NCDs such as diabetes, hypertension, heart disease, and stroke.
- Over 80% of the workforce reports high levels of work-related stress.
- Economic losses due to lifestyle diseases exceed ₹1 lakh crore annually.
- The need for accessible, AI-driven, infection-free care is at an all-time high.

Despite these figures, the healthcare and corporate sectors often function in silos. CareCon 2026 bridges this gap – bringing together corporates, hospitals, policymakers, insurers, and innovators under one roof to reimagine India's health future.

By merging wellness-driven prevention with technology-driven precision, CareCon aims to spark actionable ideas that reshape how India works, lives, and heals.

PROPOSED AGENDA HIGHLIGHTS

09:00 – 10:00 AM | Registration & Networking Breakfast

10:00 – 10:30 AM | Opening Plenary – Redefining Care in a Changing World

Focus:

- India's health transition from reactive treatment to proactive care
- The emerging convergence of workplace wellness and technology

Speakers:

- **Chief Guest:** Senior official, Ministry of Health & Family Welfare
- **Keynote:** Visionary healthcare or corporate leader

Conference Sessions

10:00 AM -11:00 AM | Session 1

TOPIC: : Preventive Health, Diagnostics & Early Intervention: Reimagining Preventive and Primary Care Ecosystem

11:00 AM -12:00 AM | Session 2

TOPIC: Precision Ageing & Women's Health: Designing Care Pathways that Evolve with Life

Keynote Address: By Dr. G.S. Grewal, Director- Eldercare Program, Pacific OneHealth

Topic: From Dependency to Dignity: Ageing at Home Through Community Micro-Care Systems.

12:00 PM - 01:15 PM | Session 3

TOPIC: From Insight to Intervention: AI Across the Healthcare Continuum

Sub-Session 3.1

TOPIC: Reimagining the Patient Journey: AI-Enabled Care Pathways from Entry to Outcome

Sub-Session 3.2

TOPIC: AI in Clinical Practice: Augmenting Doctors, Reducing Burnout, Enhancing Precision

Sub-Session 3.3

TOPIC: Predictive Prevention: AI in Metabolic Health & Lifestyle Disease Management

Sub-Session 3.4

TOPIC: Smart Diagnostics: AI-Enhanced Lab Intelligence & Precision Screening

Networking Lunch: 1:15 PM - 2:00 PM

02:00 PM - 03:00 PM | Session 4

TOPIC: The Future of Healthcare Delivery: Micro Hospitals & the Omnicare Ecosystem

Sub-Session 4.1

TOPIC: The Emerging Role of Secondary Care in India's Healthcare Architecture

Sub-Session 4.2

TOPIC: Minimal Access Surgery & Short-Stay Care: Redefining the Micro Hospital Model

Keynote Address : Mr. Saket Bansal, Founder & Executive Director, Pacific OneHealth

Topic: Micro Hospitals & the Omnicare Vision: Reimagining Secondary Care for a Distributed India.

03:00 PM - 03:45 PM | SESSION-5

TOPIC: Centres of Excellence in the Micro-Hospital Era: Precision, Efficiency and Continuity of Care

Sub-Session 5.1

TOPIC: Vertigo & Neuro-Balance Clinics: Precision Diagnosis Beyond Symptom Management

Sub-Session 5.2

TOPIC: Onco Day Care: Safe Chemotherapy & Cancer Support in Decentralised Settings

Sub-Session 5.3

TOPIC: Advanced Neurology & Integrated Rehabilitation: Continuity Beyond Intervention

TOPIC: Centres of Excellence in a Distributed Care Model

Keynote Address: Dr. Anirban Biswas

TOPIC: Vertigo & Balance Disorders: Early Diagnosis, Precision Rehabilitation & Micro-Hospital Readiness.

PARTNERSHIP OPPORTUNITIES

CareCon 2026 offers diverse partnership opportunities for organizations to gain national visibility, build B2B alliances, and demonstrate thought leadership in healthcare transformation.

Partner Type	Benefits
Title Partner	Co-Branding and Speaking opportunities
Gold Partner	Logo branding and plenary slot and Expo space
Technology Partner	Product demonstrations innovative zones
Lanyard Partner	Branded lanyards and exposure
Delegate Kit Partner	Branded Kits and Visibility
Exhibitor	Space and logo branding

Please Note: All titles include curated exposure through delegate touch points

THE CARE AS IT SHOULD BE EXCELLENCE AWARDS

Honouring Excellence. Restoring Trust. Celebrating Human-Centric Care.

Introduction

The **Care As It Should Be Excellence Awards** are instituted to recognise and honour organisations, institutions, and leaders who are actively correcting the way healthcare is delivered, financed, and experienced. These awards go beyond intent, scale, or marketing claims—they acknowledge measurable impact, systemic thinking, and patient-first outcomes.

Aligned with the CareCon 2026 theme, the awards celebrate those who demonstrate what healthcare should look like in practice—ethical, accessible, preventive, coordinated, and outcome-driven.

Award Philosophy

Healthcare excellence is no longer defined by size, technology adoption, or isolated clinical success. The Care As It Should Be Excellence Awards are built on a different philosophy:

- Impact over intent
- Outcomes over output
- Continuity over episodes
- Trust over transactions

Each award category reflects a critical pillar of the healthcare ecosystem and evaluates how effectively organisations have redesigned care delivery to serve patients and communities better.

Award Categories

- Healthcare Professional Awards
- Research & Science Excellence Awards
- Nurses, Paramedics & Front-line Worker Award
- Med Tech Innovation Awards
- Patient Advocacy & Support Awards
- Public Health & System Impact Awards
- Allied Healthcare Providers Awards
- Health tech & Innovation Awards

Eligibility & Evaluation Framework

Nominations are assessed on a robust, multi-dimensional framework, including:

- Demonstrated patient and population outcomes
- Scalability and sustainability of the initiative
- Alignment with ethical and responsible care delivery
- Measurable improvement in access, affordability, or experience
- Evidence-based impact rather than promotional claims

Both self-nominations and third-party nominations are considered.

Jury Members

**Dr. Mohsin Wali
(Padma Shri)**

Senior Consultant-Internal Medicine,
Sri Ganga Ram Hospital, New Delhi

**Dr. DS Rana
(Padma Shri)**

Chairman, Board of Trustees,
Sir Gangaram Hospitals, New Delhi

Dr. Jagdish Prasad

Former Director General Health
Services (DGHS), Ministry of H&FW,
Govt of India

Dr. G.S. Grewal

Director- Eldercare Program,
Pacific OneHealth

**DR. A.K. Grover
(Padma Shri)**

Chairman, Vision Eye Centers
Senior Consultant,
Sri Ganga Ram Hospital *

**Dr. (Prof) Mahesh
Verma (Padma Shri)**

Vice Chancellor, GGSIPU

**Dr. Anil Kohli
(Padma Bhushan)**

Former President-Dental
Council of India *

Dr. Sunil K Khetrpal

Dy Director General (AHPI),
Former COO & CTO, Rajiv Gandhi
Cancer Institute & Research Centre

Dr. Dinesh Kansal

Senior Director & HOD-Obstetrics &
Gynaecology, BLK-Max Super
Speciality Hospital *

Prof. (Dr.) K G Suresh

Director, India Habitat Centre, New Delhi

Dr. Ravi Gaur

Chairman-Medical Advisory Committee
Oncquest Laboratories Ltd. & Founder
DRG Path Lab Member of FICCI,
National Healthcare Committee

Dr. Shuchin Bajaj

Founder & Director of Ujala
Cygnus Healthcare Services*

Recognition & Visibility

- On-stage recognition at CareCon 2026
- Official award citation and trophy
- Visibility across CareCon publications and media outreach
- Opportunities to present case studies at future CareCon forums

Who Should Attend

- Hospital Owners & CXOs
- Clinical Leaders & Medical Directors
- Health Insurance & Payer Leadership
- Policymakers & Health Administrators
- HealthTech, MedTech & Diagnostics Leaders
- Public Health & Population Health Experts

Why Attend CareCon 2026

- Gain clarity on future-ready care delivery models
- Learn from real-world success stories
- Build strategic partnerships across the care continuum
- Influence policy, payment, and practice transformation

Advisory Board

Mr. Saket Bansal

Founder, Pacific OneHealth

Dr. Swadeep Srivastava

Co-Founder & President,
Pacific OneHealth

Dr. G.S. Grewal

Director- Eldercare Program,
Pacific OneHealth

**Dr. Mohsin Wali
(Padma Shri)**

Senior Consultant-Internal Medicine,
Sri Ganga Ram Hospital, New Delhi

**Prof. (Dr.) Chandrakant
S Pandav (Padma Shri)**

Iodine Man of India, Former HoD,
Community Medicine, AIIMS, New Delhi,
President, ICCIDD

**DR. A.K. Grover
(Padma Shri)**

Chairman, Vision Eye Centers
Senior Consultant,
Sri Ganga Ram Hospital

Prof. (Dr.) K G Suresh

Director, India Habitat Centre, New Delhi

Dr. Sunil K Khetrapal

Dy Director General (AHP),
Former COO & CTO, Rajiv Gandhi
Cancer Institute & Research Centre

Dr. Ravi Gaur

Chairman-Medical Advisory Committee
Oncquest Laboratories Ltd. & Founder
DRG Path Lab Member of FICCI,
National Healthcare Committee

Closing Perspective

CareCon 2026 is not about predicting the future—it is about correcting the present. By aligning systems, incentives, and intent, we can collectively build Healthcare As It Should Be.
