

21st INTERNATIONAL CONFERENCE OF TELEMEDICINE SOCIETY OF INDIA

-Organised by TSI Karnataka Chapter

27TH – 30TH
NOVEMBER 2025

J N TATA Auditorium, Indian Institute
of Science Campus, Bengaluru

THEME :

DIGITAL HEALTH FOR SUSTAINABLE FUTURE

🌐 <https://teledicon.in/>

WELCOME MESSAGE

Telemedicon 2025 - 21st International Conference of Telemedicine Society of India marks a dual celebration—a visionary gathering at the intersection of healthcare innovation, digital technology, and sustainability, and the 25th anniversary of telemedicine in India, a testament to the country's pioneering role in advancing digital health.

Hosted in India's tech capital, Bengaluru, this global conference convenes leaders, visionaries, and changemakers to explore how digital health is shaping resilient, equitable, and sustainable healthcare systems for the 21st century.

As nations strive to overcome challenges such as health disparities, climate change, and strained resources, digital solutions—including telemedicine, mobile health, artificial intelligence, and health informatics—are transforming care delivery worldwide.

CONFERENCE HIGHLIGHTS

➤ Pre-Conference Workshops:

Interactive training sessions on emerging digital tools, standards, and best practices.

➤ Scientific Paper & Poster Presentations

Share groundbreaking research and real-world innovations in telemedicine and digital health.

➤ Hackathon

Co-create tech-enabled solutions for sustainable healthcare challenges.

➤ Startup Pitch Arena

Spotlight for startups shaping the digital health landscape.

➤ Digital Health Quiz

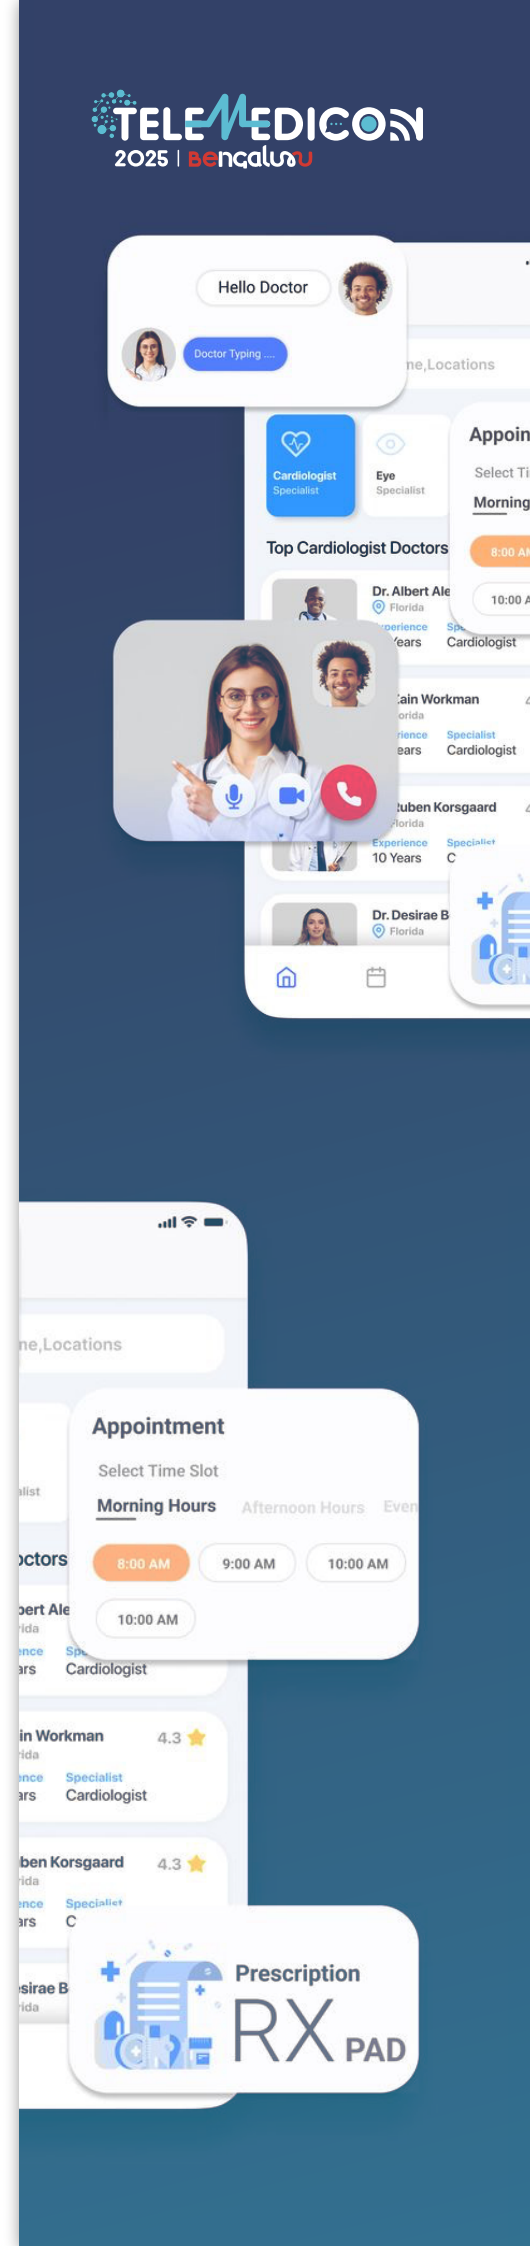

Engage and challenge your knowledge of global digital health trends.

➤ Industry Visit

Experience digital health in action at leading healthcare and tech hubs

➤ EXPO

The Digital Health & Telemedicine Expo is a dynamic exhibition space showcasing the latest innovations, products, services, and solutions in the field of digital health, health tech, and telemedicine.

DIGITAL HEALTH FOR A SUSTAINABLE FUTURE

As the world confronts rising health inequities, climate challenges, and resource constraints, digital health emerges as a critical enabler of resilient and sustainable health systems. From reducing the environmental impact of healthcare delivery to expanding access through telemedicine and mobile technologies, the digital health revolution offers transformative potential – if implemented thoughtfully and inclusively

This year's theme underscores the transformative power of technology to support not only better health but also a healthier planet and society. By leveraging innovation thoughtfully and inclusively, we aim to build systems that are scalable, responsive, and equitable.

Whether you're a healthcare provider, tech entrepreneur, sustainability advocate, academic, or investor, Telemedicon 2025 is your opportunity to be at the forefront of shaping tomorrow's digital health landscape.

Let's unite for a future where technology empowers people, strengthens communities, and sustains public health across borders.

SCIENTIFIC SESSIONS

- TRACK 1** Evidence-based Applications in AI & Next-Gen Technologies in Healthcare
- TRACK 2** Telemedicine & Virtual Care Models
- TRACK 3** Remote Monitoring, Wearables & mHealth
- TRACK 4** Personalised & Predictive Digital Public Health
- TRACK 5** Digital Health Data, Law and Ethics
- TRACK 6** Sustainable, Green & Climate-Responsive Health Systems
- TRACK 7** Digital Health Equity, Inclusion & Local Innovation
- TRACK 8** Digital Health Governance, Policy & Global Strategy
- TRACK 9** Space Medicine
- TRACK 10** Digital Health for Diverse Specialities
- TRACK 11** Digital Health Literacy & Workforce Training
- TRACK 12** Special Segments
- TRACK 13** Any other topic related to Digital Health – Systems, Technology, Models and Practice
